To whom it may concern,

I am writing this as a testimonial to the quality of works carried out by Mr David Powell of Powells Energy Assessments.

Dave has worked with us on a number of occasions where our clients have informed us of a requirement for TM44 Air-Conditioning certification. Air-conditioning systems do occur on a frequent basis within our industry as part of climatic control systems for Swimming Pools, and having worked with Dave for a number of years, he is always the first person we call.

Importantly to us, Dave is always smartly dressed, punctual and polite to our clients.

I would not hesitate in recommending Dave and his services to anybody looking for energy assessments.

If you have any questions regarding the above, please don't hesitate to contact me using the details above.

Best regards,

A handwritten signature in blue ink, appearing to read "Jon Spriggs".
